PONT'S Ave., cop. Cooper institute, S. Y. Q. FRUITS AND VEGETABLES

nolds has to tell of the early years of training which every driver has to go through. After an appalling story of hard work, iregular hours, and no little danger, he goes on to say: "If we were to sum up the con-

rest of a railway staff—they must always Indeed, it is even a sign of wealth when sesume that things are wrong until they are

proved to be right. Not long ago an acci-dent happened from a signalium not having a proper railway mind. A train was in the ing as part of the machinery. Seeing a But while standing and washing. signal on a branch line was down, thereby looking the lever of the siding-points and that of the starting-signal. - As soon as the

lance and promptness of action; but on a line of railway this is impossible. Punc-tuality in the running of the trains is of the

SHOOTING THE CHUTH.

And here, at Lock Haven, the scene culbee, and they lay in the river, piled up in places above the water, and growded down below the fiver level to a depth of fifteen ackages, Samples, Bonds, Valuables, &c., for feet. Below at the bridge the " jam " that was ordered for the pilgrims from the prairies was choking the river, and a bridge of rafts spanned the broad river, the west branch of the Susquehanna, and this great bridge was spanued with raftemen, working to bring, what seemed to be impossible order out of that surging chaos. But nothing seems to be impossible in the water to a the great smarl of rafts, and one by one knowledge under false pretences. they swept through the bridge, and shot through the chute below. The Jester was offered a place on the
